

My Seizure Dog

My Seizure Dog, written and illustrated by 7-year-old Evan Moss, tells the sweet story of what Evan expects the relationship with his seizure dog to be like. In the simple language of a child, Evan takes the reader through the many ways having a service dog will change his life. He takes a serious topic, infuses his own sense of humor and wit and leaves the reader with a smile on their face.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
