

Self Publishing Success: 8 Case Studies: How 8 Authors Found Fame and Fortune Through Self Publishing

This short book focuses on eight writers who found fame and fortune through self-publishing. It does not attempt to glorify those writers, their success, or self-publishing. Instead, it shows the work, strategy, ideas, and luck that went into making their books bestsellers. These stories reveal one particularly surprising fact about success in the world of self-publishing. All of the authors profiled in this book are self-published authors. All of them ended up signing a traditional publishing contract. Even Hugh Howey, one of the most vocal proponents of self-publishing, signed a publishing contract with a traditional publisher. Emily Harstone has done a great service by writing this book. It is not a hyped up book that glorifies self-publishing. Instead, she takes an unbiased approach. Each short chapter follows the story of one book and one author. She doesn't sell a fantasy. She doesn't promote self-publishing as the be-all-end-all. She doesn't demonize traditional publishers. She also does not pretend that finding success with self-publishing is like winning the lottery. Or that it is just a trend that will go away soon. She focuses on the details; the steps the authors took that led their book to become a success story. Much can be learned by studying their success. This book is based on solid research and is for any writer who wants an unbiased view of self-publishing. I hope you find this book enlightening, entertaining, and surprising.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
