

The Book Of The Nearly Dead

A horror story to make you laugh your head off, for 8-12 year-olds. Ben finds a book buried in his garden. It turns out to be a horror story. What he doesn't know at first is: he's IN it! And so is his sister, and his best friend. As the three of them read the book, their cozy, familiar surroundings become a nightmare of monsters, vampires, zombies and creepy-crawlies. Their neighbours turn into hideous creatures, their homes change into tombs and laboratories. With an army of the undead closing in on them, Ben alone holds the secret to saving himself, his family, and the rest of the world. Warning! This book has made people POO with fright! (Well, maybe once. But we're not sure. So basically no, it hasn't)

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
