

## Facets of Linguistics: Proceedings of the 14th Norddeutsches Linguistisches Kolloquium 2013 in Halle an der Saale (Hallesche Sprach- und ... Recherches linguistiques et textuelles)

This volume aims to represent the breadth and depth of current linguistic research of predominantly young linguists and thus to produce a snapshot of topical linguistic issues and trends. Therefore, it presents papers from systemic linguistics next to ones on text linguistics, sociolinguistics and the didactics of language. The volume is based on talks given at the 14th Norddeutsches Linguistisches Kolloquium 2013 in Halle an der Saale. The book contains 14 contributions in English, and three in German.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
