

Sports on Television: The How and Why Behind What You See

In Sports on Television, Dennis Deninger provides an all-encompassing view of the sports television industry. He progresses from the need for this book, to the history of the industry and discipline, to the pioneering events of sports broadcasting and sports television, to a nuts-and bolts, behind-the-scenes look at a sports television production. All the while, he examines the impact that sports and the mass media have had (and are continuing to have) on one another and on society.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
