

Snip Snap: Activity Book Stage B

This is a complete two-level course for children who are just starting to learn English. The Snip Snap: A components have no reading or writing content at all, and Snip Snap: B introduces reading and writing in a very gentle way. Both A and B contain a pupils book, a teachers book, an activity book and a cassette, and A also includes a set of big picture-cards suitable for use in large classes.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
