

Spanish Reader for Intermediate & Advanced Students: Spanish Short Stories (Spanish Reader for Beginners, Intermediate and Advanced Students) (Volume 4) (Spanish Edition)

Spanish Reader for Intermediate and Advanced Students intended for Spanish language learners who wish to review Grammatical Structures that often require additional work: The Preterit and Imperfect Tenses, extensive usage of reflexive verbs, and The Present Subjunctive Mood. Spanish Reader for Intermediate and Advanced Students is the fifth book of the series, Spanish Readers for Beginner, Intermediate, and Advanced Students: A collection of short stories in Spanish (Latin America) written by Iris Acevedo A. with Grammar in mind. Spanish This collection of short stories is a unique creation of CostaRica SpanishOnline, the first online Spanish school in Costa Rica to provide immersion Spanish courses via Skype. Each volume: Spanish Reader for Beginners-Elementary to Advanced III, provides short stories that keep the reader guessing until you reach the end: an unusual twist. You will find a unique blend of cultural aspects in Latin America, modern and traditional lifestyles, transitional phrases, Grammar adequate for each particular level as well as entertainment and extensive practice of grammatical structures required in order to achieve full understanding of structure, new vocabulary and fluency. Spanish Reader for Intermediate and Advanced Students clearly defines the unique style of the author, Magical Realism. Please note that this book is not a Grammar Exercise textbook or a Travel Guide. The only book of the series that contains Grammar exercises is Spanish Reader for Beginners-Elementary. I hope you find this Spanish Reader useful as well as entertaining. Iris Acevedo A. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
