

S.P.I.R.E. Decodable Readers, Set 3B: My Clothes Do Not Fit (SPIRE)

Twins Ned and Nelly need to go shopping for new outfits. Mom is busy, so Nelly comes up with a plan to fix their too-small clothes. This S.P.I.R.E. Level 3 (spire) decodable reader is perfect for early readers and those who need practice reading simple books with basic phonics concepts. This book includes words with multiple syllables. The S.P.I.R.E. decodable readers were developed as part of the S.P.I.R.E. reading program, created by Sheila Clark-Edmands, M.S.Ed. S.P.I.R.E. is an intensive, comprehensive, and multisensory reading program with proven results. If your goal is to build reading success, then S.P.I.R.E. books are the perfect choice. Children are motivated to read more and enjoy more reading success because S.P.I.R.E. books are designed for the way early readers and struggling readers learn. There are 120 books in the S.P.I.R.E. decodable readers series. The content ranges in difficulty from easy-to-read, one-syllable, short-vowel words in Sets 1A and 1B to complex multisyllabic words and advanced sentence structures in Sets 6A and 6B.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
