

Splendid State of Mind

This is a poetical journey through life This is the rise and the fall; the highs and the lows; basking at the peak then walking through the valley. This is when I come so close yet have so far to go. Just when I think I have progressed, I havent truthfully progressed enough. The steps arent ordered to arrive at the destination by my will; this is frustrating and leads to anger, this anger is unlike any other. Very depressing even.

However God is unlike any other; His mercy is a tool for learning and the angels that He provides are for my benefit. It is up to me to recognize such and this will be my way to rise above; better said ascend and elevate to the next plateau. Now will that anger be productive or not is ultimately up to me: Do I sin in my anger or not. My Splendid State of Mind is not perfect, however it is perfected with love. Love is truly a two way street: the direction depends on my perspective; the perspective is key in my education; the education is love answering the questions that my life poses. The beginning and ending may all be the same but really the ending is truly the beginning for the cycle completes and repeats until brilliance truly reaches the higher heights. The value of my life depends fully on it: Its value is the pricelessness of freedom and happiness. The boldness of my brilliance might not be understood by many but God willing many will listen and heed. God willing you then will understand clearly once becoming wise to everything that this is, what Ive done, and ultimately who I am. I truly am poetry in motion, literally and literarily. For this is the story of my life: A journey into a sea of red and a valley.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped

and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
