

## Starve Better: Surviving the Endless Horror of the Writing Life

Starve Better makes no promises of making you a bestselling author. It won't feed aspiring writers dreams of fame and fortune. This book is about survival: how to generate ideas when you needed them yesterday, dialogue and plot on the quick, and what your manuscript is up against in the slush piles of the world. For non-fiction writers, Starve Better offers writing techniques such as how to get (relatively) high-paying assignments in second and third-tier magazines, how to react to your first commissioned assignment, and how to find gigs that pay NOW as the final notices pile up and the mice eat the last of the pasta in the cupboard. Humor, essays and some of the most widely read blog pieces from Nick Mamatas, author and editor of fiction that has caught the attention of speculative fictions most prestigious awards, come together for the first time in a writers guide that won't teach anyone how to get rich and famous... but will impart the most valuable skill in the business: how to starve better. Blurb: Mamatas offers up a no-nonsense guide that should be required reading for all writers. Prepare to have some illusions shattered... because you need them shattered. A great resource from a guy with the experience to back up the advice. -Jeff VanderMeer, author of City of Saints and Madmen and Finch Author Bio: Nick Mamatas is the author of three and a half novels, over seventy short stories, and hundreds of feature articles, and is also an editor and anthologist. His fiction has been nominated for the Bram Stoker and International Horror Guild awards and translated into German, Italian, and Greek; his editorial work with *Clarkesworld* earned the magazine World Fantasy and Hugo award nominations. Nick's reportage, short stories, and essays have appeared in venues such as *Razor*, *Asimov's Science Fiction*, *Silicon Alley Reporter*, *the Village Voice*, *The Smart Set*, *The Writer*, *Poets & Writers* and anthologies including

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
