

Stella, Unleashed: Notes from the Doghouse

Stellas got an opinion on everything: the baby (cannot be trusted near tail), her humans, the other pets, her sleeping requirements (But for a truly peaceful rest, be advised: Your bed is best), undignified doggie sweaters, and the dull dryness of kibble. She even waxes poetic on the exalted status of pups in Paris, who are welcome everywhere even in restaurants. And thanks to author Linda Ashman, who practically channels the canine mind, Stella expresses it all in a series of humorous verses that will have dog-loving kids laughing out loud. Add Paul Meisels fabulous illustrations, which convey every facet of Stellas winning, wonderful, and wickedly funny personality, and who could resist?

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
