

Studies and Notes in Philology and Literature, Vol. 3: Observations of the Language of Chaucers Troilus (Classic Reprint)

Excerpt from Studies and Notes in Philology and Literature, Vol. 3: Observations of the Language of Chaucers Troilus. The following Observations are intended to furnish some materials for the large induction necessary to reasonable certainty in the matter of Chaucers language, particularly his use of final -e. Other matters than final -e are of course dealt with from time to time; but to this in particular the Observations are directed. In other words, the study here presented to members of the Chaucer Society is a study in forms, not in phonology. This study was begun in August 1887, and has been frequently interrupted. The printing has of necessity extended over an unconscionable length of time. It is hoped that these facts may serve as the excuse for some trifling inconsistencies of typography, and perhaps even for some slight vacillations in plan and method. For actual blunders no excuse is offered; but it is hoped that the work may contain enough that is useful to make scholars indulgent for such errors as they may observe. Corrections will be gratefully received. A paper by Professor John M. Manly, of Brown University, extending the method of inquiry here followed to The Legend of Good Women, will be found in vol. ii. of the Harvard Studies and Notes in Philology and Literature (Boston, 1803), pp. 1 ff. The relations of Professor Manlys paper to the present study are explained in his Introductory Note. Both papers, it will be observed, are under special obligations to Professor Childs Observations on the Language of Chaucer. My acknowledgments are due to Professor E. S. Sheldon and Professor J. M. Manly for a number of valuable suggestions. Dr. Furnivall, with his usual kindness, has furnished me with indispensable copies and collations. To Professor Child, who suggested the investigation, and has furthered it by his counsel and encouragement throughout, my obligations

of every kind are innumerable. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
