James Harold has been a part-time writer for forty years. His first book *How to Earn \$50,000 a Year as a Hair Dresser* was picked up by Milady publishing company but was put in their catalog file and never got anywhere. He lives in San Diego, works part-time as a hair dresser, is a retired minister and active musician, and still plays in various bands around San Diego.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
