

Talk Nigeria: A Sixty-Second Language Handbook

Talk Nigeria was created to help those that often travel to and from Nigeria and would like a more efficient way of communicating with the majority of Nigerians. This handbook will enable foreign-born Nigerians and their families to teach their native language to their children. Talk Nigeria makes it possible for them to not only learn the languages, but also to assist them with phonetic pronunciation of the words in their native languages. This is not just another boring language guide that is only based upon endless repetitions of language drills. It is a handbook that promotes quick and effective communication with Nigerians in the three major languages. It includes . easy-to-read translations from English into the three main languages spoken in Nigeria-Yoruba, Ibo, and Hausa, . all translations include the phonetic pronunciation for each word and phrase; . translations for greetings, everyday phrases, and a reference dictionary. An innovative way to learn to speak a very common African language, this handbook is an indispensable guide to speaking the Nigerian languages correctly and effectively.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
