

## Instant Italian (Teach Yourself: Instant)

An Italian course, designed for those who want to speak basic Italian immediately, or who have tried other courses without success. It can be used for holidays, business trips or just for fun. It targets only the most important vocabulary and grammar, in lessons of 35 minutes a day. Flashcards and exercises maximize the retention of structures and encourage the learner to listen and speak confidently. Both the cassette and the book are also available separately.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
