

The Handy Little Book for Writers Series. Book 6. On Structure (Volume 6)

This book is meant as reference for new writers. Whatever we are attempting to write, we owe it to ourselves to at least know what is meant by structure, and what the various theories are on how a story, book, novel, or whatever we are attempting to write, should be structured. The fact that so much is written on the subject seems to indicate that there is a need for some kind of plan to ensure that your work follows a logical plan. It seems to be general wisdom that writers need a structure that will ensure that they tell their story or get their message across in the best possible way for their subject matter and for their readers. What is Structure? For me, the simple answer is that structure is about the way you set about telling your story so that the reader will gain the most understanding or satisfaction from it. Nevertheless, new writers may be overwhelmed by the thought of having to go to such lengths before even beginning to write. Please don't be daunted. Don't be put off by this. The reality is that all you need is an awareness that you must write your work, whatever it is, in a logical progression and in a way that will make it a good experience for the reader.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
