

Paleo-Hebrew: Deity Attributes (The Paleo-Hebrew Alphabet series Book 8)

The origins of the alphabet are shrouded in mystery. Travis Wayne Goodsell has made some discoveries with the Paleo-Alphabets to explain this mystery. The alphabet is explained in simple to understand step by step level processes. The Paleo-Hebrew connection to Egyptian Hieroglyphs means that there are levels of understanding the Paleo-Hebrew letters as well. This book focuses on the nature and character of the Father and Son God. The ancient religions theologies involved a family of Gods. As anthropomorphic deities they therefore had attributes and characteristics similar to humans. Each letter corresponds then to an attribute of deity related to its Egyptian Hieroglyphic match.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
