

## The Bedford Anthology of American Literature, Volume Two: 1865 to Present

Prepared by recognized scholars and devoted teachers, The Bedford Anthology of American Literature brings the canon of American literature down to a manageable size. Half the length of other leading anthologies, and offered at a much lower price, the anthology reflects years of firsthand experience in the classroom and extensive research on what instructors are actually teaching in the survey course today. Prepared expressly for students and informed by the new understandings of and approaches to American literature that have emerged during the last 30 years, the anthology is lavishly illustrated and features several pedagogical innovations that help students engage with the literature.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
