

Living Your Life In Stereo

Living Your Life in Stereo combines a daily devotional and motivational book into one comprehensive manual. The principles contained in this book are practical and easy to follow. Read the 90 thresholds, try them out and discover for yourself how easy life becomes when you know how to live it. The principles of workplace wisdom will give you a better understanding of how you can maximize your participation in the workplace. In this book the author has covered a mixture of aspects of daily living, addressing everything from easy to complex life issues and giving sound yet applicable solutions. This is the work of a man who has spent the past 25 years addressing various groups of people from different walks of life. Living Your Life in Stereo is a non-academic, easy to read book that will benefit everyone.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
