

The Devils Dictionary

Born in Ohio in 1842, journalist, short-story writer and critic Ambrose Bierce developed into one of this country's most celebrated and cynical wits—a merciless American Swift whose literary barbs were aimed at folly, self-delusion, politics, business, religion, literature and the arts. In this splendid dictionary of epigrams, essays, verses and vignettes, you'll find over 1,000 pointed definitions, e.g. Congratulation (The civility of envy), Coward (One who in a perilous emergency thinks with his legs) and Historian (A broad-gauge gossip). Anyone who likes to laugh will love The Devils Dictionary. Anyone looking for a bon mot to enliven their next speech, paper or conversation will have a field day thumbing through what H. L. Mencken called some of the most gorgeous witticisms in the English language.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
