

The Dog That Peed on Mars

The middle of the Arizona Desert: a glitch has been found in the space probe to Mars. Someone has forgotten to provide enough room for a human and they quickly need to find a creature small enough to fit in the space vehicle. Jamie, with his posh English accent and quirky ideas, may have the solution: a dog. But not just any dog - the wirehaired terrier Pepsi, trained (in her spare time) by Jamies mother back in England. Will Jamies outlandish scheme work? Can Pepsi be trained in time? And once he gets to Mars, what will he find? All will be revealed in this imaginative and light-hearted tale for children.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
