

## The Empty Hook: An Ornaments Tale

The Empty Hook -An Ornaments Tale ties family and holiday traditions together in a story told by a special set of ornaments. The Empty Hook is a simple story about the true meaning of Christmas. It is written in the story telling style I grew up with in the 1970s. A gifted German glassblower uses his gift of glassblowing to bring joy to others while giving glory to God. A loving father travels to the glassblower and receives a special set of ornaments. A young boy, Milo, cherishes the ornaments for a lifetime. Then there is an empty hook and a beautiful story to be told. The Gift of Christmas is with you, remember Him on His day.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
