

The Englishwoman in America

The voyage outThe sentimentalThe actual
The obliviousThe medleyPractical
jokingAn unwelcome companionAmerican
patriotismThe first viewThe departure. As
a general dislike of prefaces is
unmistakeably evidenced by their uncut
leaves, and as unknown readers could
scarcely be induced to read a book by the
most cogent representations of an unknown
author, and as apologies for rushing into
print are too trite and insincere to have any
effect, I will merely prefix a few
explanatory remarks to my first chapter.
Circumstances which it is unnecessary to
dwell upon led me across the Atlantic with
some relatives; and on my return, I was
requested by numerous friends to give an
account of my travels. As this volume has
been written with a view to their
gratification, there is far more of personal
narrative than is likely to interest the
general reader. With respect to the people
of the United States, I have given those
impressions which as a traveller I formed;
if they are more favourable than those of
some of my predecessors, the difference
may arise from my having taken out many
excellent introductions, which afforded me
greater facilities of seeing the best society
in the States than are usually possessed by
those who travel merely to see the country

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
