

# The Essentials of Academic Writing

The Essentials of Academic Writing is a brief rhetoric that focuses on the process of writing academic essays for college courses. The text provides a complete overview of the writing process, with concise, nuts-and-bolts coverage of researching, planning, drafting, documenting, revising, and proofreading academic papers. A sample student essay serves as a case study to illustrate each part of the process and an anthology of 19 academic essays covering a variety of disciplines and topics provides good models for student writing. As part of the English Essentials Series, this affordable title is a valuable and cost-effective rhetoric for freshman composition students and reference for students writing in all their college disciplines.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
