

The Four Essentials of a Dream Relationship and Finding and Keeping the Love You Want

FOUR ESSENTIALS OF A DREAM RELATIONSHIP Nearly all of us have an ideal of what a dream relationship would be, but very few of us are living in one. Three decades of research and clinical practice have led Harville Hendrix to pinpoint four essential non-negotiable keys to creating and sustaining a healthy, loving relationship. In this workshop, he will help couples: understand what prevents them from achieving the type of relationship they aspire to; discover how to cultivate those habits that can create the conditions that permit such a relationship to blossom; and practice the Imago Dialogue, a three-step process that offers us a highly effective tool to transform our dream about our relationship into reality. **FINDING & KEEPING THE LOVE YOU WANT**

Harville Hendrix is one of the foremost therapists and authors in the world on the subject of relationships. This presentation explores the role the unconscious plays in choosing a partner and will show you how to avert anguish, stimulate growth, and gain insight to your patterns of attraction and conflict. You will learn to pinpoint unmet childhood needs and replace self-defeating traits with effective skills. Whether you're in a relationship or are having trouble connecting with the right person, this lecture will show you how to get the love you want! Harville Hendrix, Ph.D., is a clinical pastoral counselor who is known internationally for his work with couples. He and his wife Helen LaKelly Hunt, Ph.D. co-created Imago Relationship Therapy and developed the concept of conscious partnership. Their own partnership and collaboration has resulted in nine books on intimate relationships and parenting, including the bestselling book *Getting the Love You Want: A Guide for Couples*. I have learned a lot from Harville Hendrix. His work is profoundly insightful.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
