

## The Genealogy of John Marsh of Salem

The Genealogy and Family History Collection is a unique set of materials that describes the histories and narratives of particular American families. The Collection brings to life pre-1923 books that contain information such as birth, death, marriage, property and migration records of specific families. Many of these families followed interesting migration and movement patterns from Western Europe and beyond to the United States well over 200 years ago. Included in these volumes is information such as last wills and testaments, period photographs of towns, buildings and landscapes, portraits of family members, and descriptions of business interactions. Encompassing such comprehensive and personal information, this collection will appeal to genealogists, family history researchers, as well as descendants and casual historians.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
