

The Ghosts of Luckless Gulch

Meet Estrella. She can run so fast that she burns up the air, leaving trails of flames wherever she goes. Her pets -- a Kickle Snifter, a Sidehill Wowser, and a Rubberado puppy -- are as untamed as California, and the pride and love of Estrella's heart. When the greedy ghosts of old gold miners steal her pets, Estrella will need every bit of her pluck and nimble-footedness to rescue them from the ghosts of Luckless Gulch. From the author of *Swamp Angel* and the artist who created *The Replacements* comes a tale as unpredictable as the California Gold Rush, as tall as a Redwood tree, and as surprising as a skunk selling perfume. Pull a chair up to the wood stove and get ready to laugh!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
