

The History of the Clanna-Rory families in Ireland

This is the History of the many families of the Clanna-rory in Ireland. (Also earlier noted as Rudricians or the descendants of Roderick the Great, Monarch of Ireland). Compiled from the ancient records in the libraries at Trinity College in Dublin; The holdings of the Royal Irish Academy; From the Native Irish Annals, and the publications of several learned societies in the 19th century. The book includes an introduction with the ancient genealogy of the clan or family and its various branches. Then, each family is documented with history and stories as available. Some families, like Farrell, OMore or Moore and Reynolds, are given many pages of information. Most families get a full page of coverage. A few families, notably OMulvey; Neville; OConnery; Melody; Keogh, and MacRory or Rodgers are only given mention with family lands. This is an early work on families in Ireland, and a groundbreaking publication on Irish genealogy.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
