

Slimming Down Santa

I don't believe it! Santa cried. It's the first of December and you reindeer are all overweight. Crash diets and exercise programs for the lot of you or you'll never get off the ground. Santa and his reindeer are all overweight. If they don't get fit and healthy, they'll never make it around the world to deliver all the children's presents. A fun story for kids from 6 to 60 - and above.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
