Its Christmastime and all the Santa Pups want is to be appointed Santas Helpers and earn their own magic crystals that grant childrens Christmas wishes. So the Pups go secretly to the town of Pineville to prove they are ready, and start granting joyful wishes to the townspeople, using a borrowed crystal. But their adventure goes horribly wrong after accidentally giving a young boy who has lost his Christmas spirit his wish to make Christmas go away. If the Pups dont reverse the spell soon, Christmas will be gone forever! Filled with Christmas spirit, this action-packed junior novel includes full-color photos of the adorable Santa Pups!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
