

## The Legal and Financial Lights of America (Classic Reprint)

Excerpt from The Legal and Financial Lights of America For the first time in the history of commerce, a system has been established by which a mutual and beneficial arrangement is entered into between the wholesale Merchants and Manufacturers of the country, with a legal representative herein contained, as well as getting honest information and treatment as to the debtor class in general; also for banking facilities, in connection with said sole attorney for each county, we give the most reliable Banks in same district which are giving special time and attention to all banking business entrusted to them. The system is entirely new, and cannot fail to save hundreds and thousands of dollars per year and relieve the minds of the commercial world of many of its commercial vexations and burdens; for where one attends (in one small district) to the interest of the many from the outside, how easy, indeed, it becomes for the one to make more satisfactory and quicker settlements in case of liquidation, and the same can be made far more profitable to creditor and beneficial to its treasury, by saving expenses, per cents., costs and remaining stock. All further explanations cheerfully given by our representatives or the publishers. In conclusion, for all international business, we also give you the official Diplomatic and Consular list of the United States throughout the world. With this short review of our work, we feel confident that these Lights will be and become the greatest panacea to commerce at large. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
