

The Lexicon of Stupidity

Look up Religion, and discover this from Paris Hilton: [The Kaballah] helps you confront your fears. Like, if a girl borrowed my clothes and never gave them back and I saw her wearing them months later, I would confront her. Or Anatomy, and find sportscaster Jerry Coleman: Winfield goes back to the wall. He hits his head on the wall and it rolls off! Its rolling all the way back to second base! Or Truth in Governmentheres Senator Alan Simpson: There are a lot of things that we do that are irrelevant, but thats what the Senate is for. Arranged alphabetically, from Accident, Traffic to Zoology, Game Show Contestants Knowledge of (and you wouldnt believe how distorted that knowledge sometimes is), The Lexicon of Stupidity is an overstuffed dictionary of quotes, banalities, actual book titles, holdup notes, menu items, TV listings, and more, each meeting one exacting criterion: theyre so jaw-droppingly dumb you cant help but laugh. Its the wit of the witless. The comedy of the clueless. The giggly fun of celebrities, athletes, politicians, newscasters, and other pompous types planting a foot (or two) firmly in mouth. And no authors could be more qualified to pull it together than Ross and Kathryn Petras, whose calendar celebrating stupidityThe 365 Stupidest Things Ever Saidis a perennial knock-out, with millions of copies sold since its debut in 1995. It even includes real courtroom testimony: Q. Are you sexually active? A. No, I just lie there.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
