

The Oceanic Languages: Their Grammatical Structure, Vocabulary, and Origin (Classic Reprint)

Excerpt from The Oceanic Languages: Their Grammatical Structure, Vocabulary, and Origin This work contains a Grammar and complete Dictionary of the language of Efate, New Hebrides, which is a typical specimen of the Oceanic languages which are spoken by fifty millions, or one-thirtieth, of the human race in islands of the Indian and Pacific Oceans, extending over two hundred degrees of longitude. It contains also a Comparative Grammar, and, to a sufficient extent, a Comparative Vocabulary of these languages, together with the evidence of their Arabian origin; thus adding these fifty millions to those previously known as Semitic speakers, as, one hundred years ago, the many millions (now 219,725,509) in India were, by similar evidence, added to those previously known as Aryan (European) speakers. It is a unique unveiling of the linguistic, mental, religious and moral life, social organization, and prehistoric antecedents of the existing Oceanic savages, or primitive man. To those engaged in the study of man, Anthropologists and Ethnologists, more especially to students of Linguistic science, Orientalists, and Semitic scholars, the work should prove a welcome, and even, it may be said, an indispensable aid. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
