Not illustrated. 1866 edition. Excerpt: ...interjections of scorn, Ptrot! Tprot! Prut! the French Trut. and German Trotz! The Manuel des Pecchs, treating of the sin of Pride, takes as first example the man--that is unbuxome all Ayens his fader spirital, And seyth Prut/ for thy cursyng, prest. 1. 3016. Hence are formed the Old English prute, prout, now written proud, and the Northern E. prutten, to hold up the head with pride and disdain (Halliwell), which in the West of E. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
