

The Readers Advisory Guide to Nonfiction

Navigating what she calls the extravagantly rich world of nonfiction, renowned readers advisor (RA) Wyatt builds readers advisory bridges from fiction to compelling and increasingly popular nonfiction to encompass the library's entire collection. She focuses on eight popular categories: history, true crime, true adventure, science, memoir, food/cooking, travel, and sports. Within each, she explains the scope, popularity, style, major authors and works, and the subject's position in readers advisory interviews. Wyatt addresses who is reading nonfiction and why, while providing RAs with the tools and language to incorporate nonfiction into discussions that point readers to what to read next. In easy-to-follow steps, Wyatt* Explains the hows and whys of offering fiction and nonfiction suggestions together* Illustrates ways to get up to speed fast in nonfiction* Shows how to lead readers to a variety of books using her read-around and reading map strategies* Provides tools to build nonfiction subject guides for the collection This hands-on guide includes nonfiction bibliography, key authors, benchmark books with annotations, and core collections. It is destined to become the nonfiction bible for readers advisory and collection development, helping librarians, library workers, and patrons select great reading from the entire library collection!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
