

## The Remaking of Television New Zealand 1984&#150;1992: 1984-1992

The Remaking of Television New Zealand outlines and analyses the radical changes made to television broadcasting in New Zealand during the period 1984-1992. It looks closely at how TVNZ, a division of the Broadcasting Corporation of New Zealand, was transformed into a successful commercial company under the State-Owned Enterprises Act 1986. Based on remarkable inside access, this book is an important and valuable study of the transformation of a staid public television broadcaster into a market-oriented business.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
