

## The Rise of Literary Journalism in the Eighteenth Century: Anxious Employment (Routledge Studies in Eighteenth-Century Literature)

Recent years have witnessed a heightened interest in eighteenth-century literary journalism and popular culture. This book provides an account of the early periodical as a literary genre and traces the development of journalism from the 1690s to the 1760s, covering a range of publications by both well-known and obscure writers. The book's central theme is the struggle of eighteenth-century journalists to attain literary respectability and the strategies by which editors sought to improve the literary and social status of their publications.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
