

The Rules for the Gender of French Nouns, 2nd Revised Edition (French Edition)

Do you wonder why an arm is masculine while a leg is feminine? Why your sofa is masculine but your chair is feminine? And why should a person or victim always be feminine, even if the person or the victim referred to happens to be a man? And isn't it odd that masculine is feminine? The illogic of French gender can be puzzling and frustrating to the new student of French. After reading this book, if you see words like *croisement*, or *pays*, or *vin*, or *chocolat*, you will know that they are masculine, and, in the same way, you will recognize immediately that *ville*, *facture*, *maladie* and *essence* are feminine words. You will even know why the United States is masculine but France is *La France*.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
