

The Rupa English Hindi Dictionary

The Rupa English Hindi Dictionary includes features not found in most Indian bilingual dictionaries at present: It contains more than 20,000 headwords and almost twice as many derivations, phrasal verbs and idioms. All translations have been given in simple Hindi keeping in view the diverse needs of English language learners in India. Instead of simple Hindi equivalents, descriptive meanings have been given for most words. Standard pronunciations of all headwords and wherever necessary, of their derivations have been provided in easy to decipher Devnagri phonetic alphabet. Combination forms (with prefixes and suffixes) have been fully treated. Words from science and technology have been given extensive coverage. Many words have acquired new or additional connotations in Indian English. Such connotations have been taken note of and given along with the original meaning or translations of words.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
