

## Henry Took and the Secret of Christmas

Henry Took loved Christmas; in fact it was, by far, his favourite time of the year. But what if it didn't exist? What if there was a secret so powerful, that if let into the wrong hands could destroy Christmas, forever? It's the eve of Christmas Eve, the night has brought a thick covering of snow to the village, and Henry Took has only one thing in mind, to go outside and play. But it seems that his grumpy parents have other ideas. Confined to the house and with a list of chores stopping any kind of fun he had in mind, Henry thinks that it's going to be the worst Christmas ever. That is until he is introduced to a mysterious creature and is thrown into an exciting adventure that he will never forget. Capturing the magic of classic festive tales, Henry Took and the Secret of Christmas is a story that will warm the heart of children and adults alike. I loved this book! - Olivia - aged 9

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
