

A Grammar of the English Language (Classic Reprint)

Preface to the Revised Edition FN the present edition the publishers have deemed it advisable, in deference to the prevailing method of teaching language, to make certain changes in the arrangement of the book. Without altering the text to any appreciable extent, they have removed many of the notes scattered through the book. These notes, purely explanatory, while of great value to the teacher, are of little value to the learner. They have deemed it advisable to accustom the pupil to the phraseology of Analysis at an early stage of the study of Grammar, and, accordingly, examples bearing upon that subject have been introduced where necessary. Although many exercises in Synthesis are found in other parts of the book, yet a section has been added in which the work in synthesis is more thoroughly graded and systematized. The rules and examples in Punctuation have been brought within the comprehension of the learner. In order more fully to meet the requirements of the course of to-day in English, sections have been added on Words Frequently Incorrectly Used, Abbreviations, Letter Writing, and Composition. The effort has been to make the Grammar, in every way, a thoroughly practical and usable book for the class-room. It is believed that the changes that have been made will enhance the value of a book which for many years has been an object of affection to many teachers. (Typographical errors above are due to OCR software and do not occur in the book.) Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
