

An Introduction to English Sentence Structure: Clauses, Markers, Missing Elements (Equinox Textbooks and Surveys in Linguistics) (EQUINOX TEXTBOOKS & SURVEYS IN LINGUISTICS)

An Introduction to English Sentence Structure puts the study of English sentences into the meaningful perspective provided by the broad essentials of functionalism. The book starts from the premise that the structure of language reflects the structure of events in everyday experience. By contrast, grammars that are more structural in nature often begin with gross facts about language structure, such as the observation that clauses can be divided into subjects and predicates. The book's premise reflects the fundamental Hallidayan principle that language simultaneously codes for three dimensions of structure: clause as representation, clause as exchange, and clause as message. This approach has the effect of situating the study of language in the students' familiar world of ideas, relationships, and discourses. The book blends insights from three prominent modern schools of grammatical thought (functionalism, structuralism, and generativism) using functionalism as the philosophical and organizational motif. The book focuses on the representational function of language, encouraging students to use their knowledge of the way the world works in order to understand how language works. The approach taken is hybrid: It assumes that form matters, and in this sense it is structural. It also assumes that form follows function, and in this sense it is functional. As its subtitle suggests, the book is concerned with the argument structure of clauses, the boundary markers of clause combinations, and the syntactic and experiential resources that permit language users to supply the content of empty categories, which are the missing elements.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality

YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
