

The Top 85 Mistakes Brazilians Make In English

The Top 85 Mistakes Brazilians Make in English was written specifically for Brazilians studying English. The author of this book is an experienced native English teacher who has been working in Sao Paulo for almost five years. During this time he has taught a variety of students, ranging from CEOs of multinational companies to kids, models and journalists, from housewives and actors to a whole host of professionals in between. It didn't take him too long to realise that the same mistakes were being made by these students again and again and again! This is when he came up with the idea of writing a book on the common mistakes he hears his Brazilian students making. Knowing these mistakes is one thing, being able to remember them when speaking English is another. So as well as pointing out common errors, this book also offers some tips and explanations on how to make those mistakes a thing of the past! You will soon notice that this is definitely not your average English book. It dares to go where the more traditional books don't. As a result you can expect to read about things Brazilians say that are likely to make a native English speaker laugh; those common mistakes that are either going to sound sexual, could embarrass the person you're talking to or are likely to just sound very, very funny! If your English is of an upper intermediate/advanced level and you are interested in knowing the mistakes your English teacher hears on a daily basis (or those embarrassing mistakes you definitely don't want to be making in meetings with your international colleagues!) The Top 85 Mistakes Brazilians Make in English is the book for you! So how many of these 85 mistakes do you make?

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
