

The Traceability Factor: Increase Profits through Tracking

The Traceability Factor is a practical guide for food, meat and beverage manufacturers. It helps you understand your options for using technology to gather traceability information and tells you how that information could be further used to understand your costs, track yields, and calculate profitability across your items and customers. By getting control of the information in your plant and warehouse you will be in a position to make better business decisions and scale your company for growth. This book is full of ideas on how to tackle traceability for increased success.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
