

## The Zombie In The Basement

The spooky house at the end of the street was the one all the kids avoided. With its overgrown shrubs and weeds, the place was a modern day haunted house. Especially at night. So when Ricky sneaks into the yard to retrieve his favorite ball, he comes across something he'd only seen in movies and bad dreams. He sees a zombie in the basement window of the old house, but when he tells his friends, no one believes him. Ricky knows what he saw, that something lurks in the old house, something that isn't supposed to exist. With his best friend Eric by his side, Ricky will find out the truth and prove to everyone that zombies are real. And when the night is done, everyone will know about the zombie in the basement. Note: This book is for young adults and for those who are young at heart. Illustrated by Andrew Dawe-Collins

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
