

## Monsters Wrecked My Day

Poor old Tommy. Mischievous monsters were popping up now and then to spoil his day. Worse of all, nobody believes him when he tells them. These trouble-making creatures seem to appear and disappear at the worst possible times for Tommy. Are these monsters real? Or are they just the imaginings of boy trying to explain his way out of trouble. Told in rhyming sentences, *Monsters Wrecked My Day* is a little story filled with a variety of strange and funny looking monsters to tickle the imagination.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
