

Toys: Early Learning to Read Books (Ready2Read)

Treasured toys are dear to our hearts. We love to play with our toys and share them too. Step by step guidelines are given to make using the Ready2Read books effective and enjoyable. All Ready2Read books are written and designed for beginning readers. The print is large, the illustrations go with the sentences, and the language on each page is repeated, making it is easy for children to read. The stories are fantastic and kids will love to read them over & over again. Kids will be delighted to master the word games, sentence games, and writing games that are very engaging.

Learning to read has never been so simple and fun!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
