

Translation and Identity

Michael Cronin looks at how translation has played a crucial role in shaping debates about identity, language and cultural survival in the past and in the present. He explores how everything from the impact of migration on the curricula for national literature courses, to the way in which nations wage war in the modern era is bound up with urgent questions of translation and identity. Examining translation practices and experiences across continents to show how translation is an integral part of how cultures are evolving, the volume presents new perspectives on how translation can be a powerful tool in enhancing difference and promoting intercultural dialogue. Drawing on a wide range of materials from official government reports to Shakespearean drama and Hollywood films, Cronin demonstrates how translation is central to any proper understanding of how cultural identity has emerged in human history, and suggests an innovative and positive vision of how translation can be used to deal with one of the most salient issues in an increasingly borderless world.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
