

French Pronunciation: Principles and Practice and a Summary of Usage in Writing and Printing (Classic Reprint)

Excerpt from French Pronunciation: Principles and Practice and a Summary of Usage in Writing and Printing The path of any one undertaking to furnish a guide to French pronunciation is a thorny one. Nevertheless, despite this fact and the thanklessness of the task, the subject receives, in a variety of forms, some attention annually. Most of this attention is of the obligatory kind and is found in the opening chapter of almost every French grammar that appears. Such treatment, While necessarily concise and brief and generally well adapted to the purpose in view, of introducing the student to the subject, hardly ever goes beyond that goal. Besides the grammars, there are quite a few manuals, or treatises, on pronunciation that appear from time to time, and in their way are helpful to the serious student of the subject, no matter how objectionable he may consider many features in such works. Lastly there are the recent dictionaries, in most Of which the most cursory examination reveals an amount of attention given to the subject of pronuncia tion proportionate to the very considerable interest there in manifested of late years. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I

already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
