

Tree or Three?: An Elementary Pronunciation Course

Enjoyable pronunciation practice of English sounds, word stress and intonation for beginner-level students. Now in full colour and with updated artwork, this revised edition of *Tree or Three?* retains its simplicity and straightforward syllabus. The maintained emphasis on minimal pairs, which made the original edition so popular, makes pronunciation practice light-hearted and accessible. * Full teaching rubrics allow the material to be used both for self-study and classroom use. * Each unit offers comprehensive practice of sounds, with additional work on stress and intonation. * The accompanying audio CDs give lots of listening and pronunciation practice. This is book-only version. A self-study pack (comprising a book and 3 Audio CDs) is also available.

Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
